

Cal OES Daily Situation Report

April 19, 2022

Cal OES secures wildfire recovery assistance for the Plumas County community of Canyon Dam. This small mountain town is now one step closer to rebuilding after the destructive Dixie Fire.

SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

No Impacts

Minimal Impacts

Moderate Impacts

Severe Impacts

WEATHER KEY POINTS

04/19/22 - 04/25/22

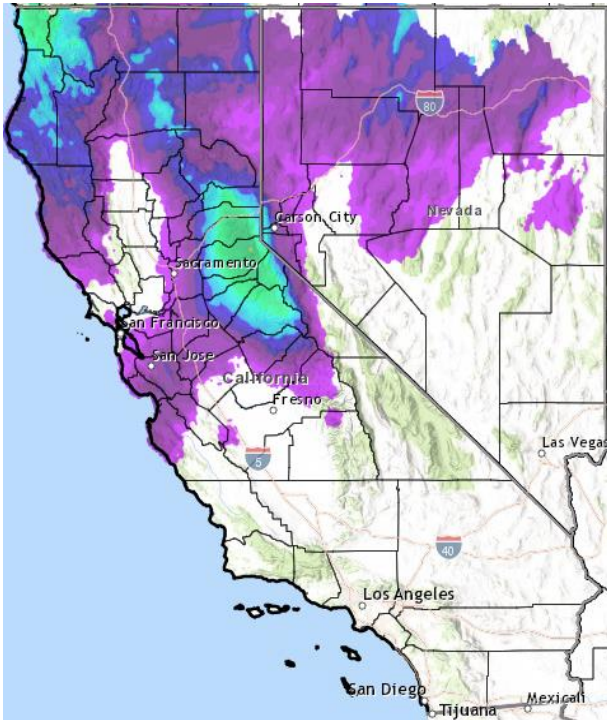

Tuesday - Monday

- Rain, mountain snow and gusty winds will continue through Tuesday
 - Precipitation will focus on northern California, with valley rain and some light to locally moderate snow possible above 3000-5000 feet
 - Gusty winds are expected across much of the state, with gusts to 50 mph in the higher terrain, along the Oregon border, and across the southern desert areas
 - Gusty Sundowner winds across Santa Barbara County are also expected
- The series of storms will continue mid-to-late week, with additional periods of precipitation expected Wednesday morning through Thursday night
 - Precipitation could be more significant and more widespread with this storm, spreading into central and potentially southern California
 - Travel impacts due to accumulating snow will once again develop above 3000-5000 feet, especially in the northern and central mountains, with multiple feet of snowfall possible in the Sierra
 - Isolated to scattered thunderstorms may be possible, especially Thursday
 - Additional gusty winds are also expected through Friday, especially in the mountains and across southern California
- Some showers will likely linger into Friday, especially in the mountains, but in general a drying trend is currently expected Friday into the weekend

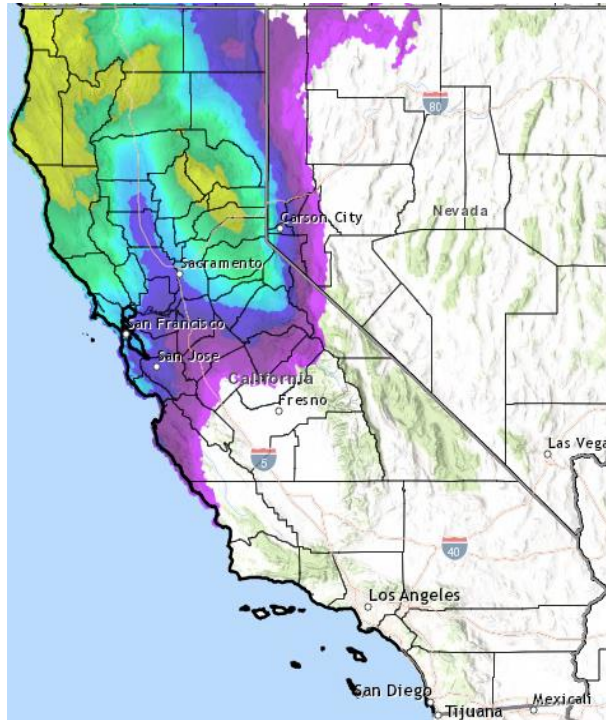

PRECIPITATION FORECAST

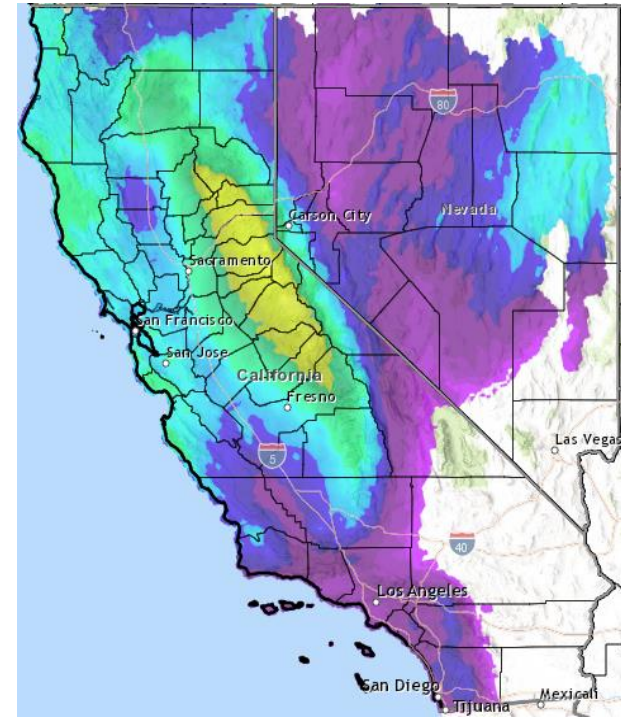

04/19/22 - 04/21/22

Tuesday

Wednesday

Thursday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

WEATHER OUTLOOK

04/24/22 - 05/02/22

6-10 Day Outlook (April 24 - April 28)

Temperatures

- Above normal temperatures are favored for much of the state

Precipitation

- Below normal precipitation is favored for much of the state

8-14 Day Outlook (April 26 – May 2)

Temperatures

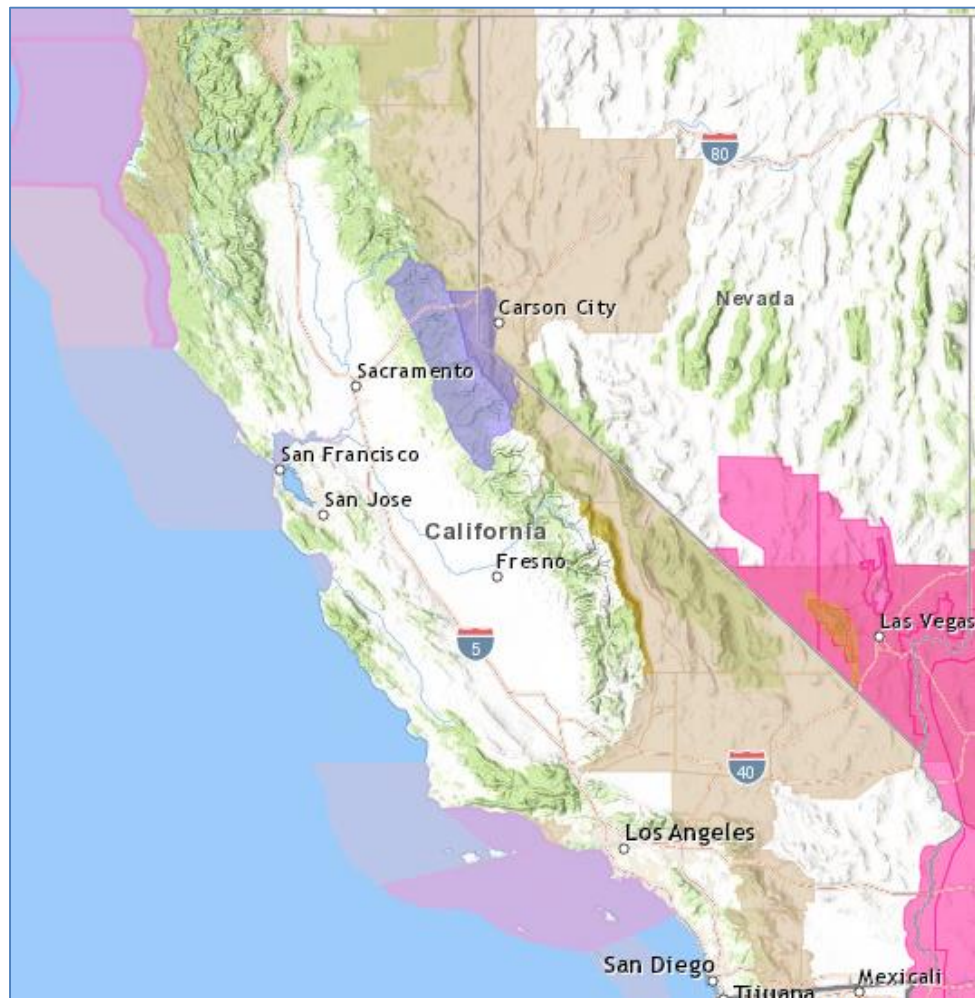

- Above normal temperatures are favored for most of the state, except below normal temperatures slightly favored near the Oregon border

Precipitation

- Below normal precipitation is favored for much of the state

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-77823, 04/17/22, 1450 hours:** The IERCC contacted CalOES regarding an InReach Activation on the Mt. Whitney Trail, Inyo County 36.561953, 118.288100. The device indicated someone had been hit with a falling rock which resulted in head trauma. Inyo Sheriff was advised. At 2330 hours Inyo County reported being out with the patient but was required to wait until daylight before a helicopter could assist with extracting the patient. **Update 4/18/22 @ 1000 Hrs.:** Inyo Sheriff's Office advised that the subject was airlifted from the trail and transported to the hospital. No confirmed medical conditions of the subject were provided. **Mission Closed**
- **2022-LAW-77854, 4/18/22, 1300 Hrs:** The IERCC contacted CalOES regarding an InReach Activation in Inyo County, 36.563895, -118.275418. The coordinates plot to an area called "The Chute" on Mt. Whitney. The device owner indicated that she was "Ok" but was messaging on behalf of a third party, not in her group, that there was a deceased at this location. LDO contacted Inyo County Sheriff and provided them with the mission details. At 1700 Hrs., Inyo County advised that the weather would not permit helicopter insertions for recovery operations. Additionally, Inyo Sheriff's Office was able to personally make contact with the device owner and learned that she had not actually seen the deceased subject herself, but instead was reporting on behalf of someone else on the trail that had. Those subjects were not identified nor available for confirmation. Inyo indicated that they would continue to investigate and respond as able. No request for aid from CalOES. **Mission On-Going**
- **2022-LAW-77863, 4/18/22, 1730 Hrs:** The IERCC reported an InReach activation in Humboldt County for (3) hikers stranded on a trail which became unsafe to return on because of the weather (Cooski Creek, 40.219241, -124.309101). Humboldt County was advised, and the United States Coast Guard assisted with a helicopter to perform rescue operations. At 2300 Hrs., LDO was advised that all subjects had been removed from the field. **Mission Closed**

Cal OES MISSION TASKINGS

Cal OES Missions

- **Pending Mission Number (COMT Class):** April 4th – April 8th Communications Technicians (COMT) Course Santa Maria, MIGU 1 and Comm C attending. (Demobed 04/08/22)
